Dear Programming Team,
I am so excited to apply for the front-end developer position. I am confident that my experience in this field as well as my experience in Vs code make me fit in this position.
As my attached resume, Entry level of experience, my skills is HTML5, CSS3, JAVASCRIPT, VUEJS, JQUERY, SASS, TAILWINDCSS, BOOTSTRAP, ADOBE XD which is make me fit the position.
I am Front-end developer with a willingness to learn more and desire to apply learned skills. Worked on many projects and I attached them in the resume.
I wish you accept my work and hope to be a good team.

Thanks so much,

Best regards,
Assmaa El-Mesiry
